Independent Auditors' Report on Review of Consolidated Interim Financial Information

The Board of Directors
Al Mazaya Holding Company K.S.C. (Closed) and its subsidiaries

Introduction

We have reviewed the accompanying consolidated condensed statement of financial position of Al Mazaya Holding Company K.S.C. (Closed) ("the Parent Company") and its subsidiaries (together referred to as "the Group") at 31 March 2012 and the related consolidated condensed statements of income, comprehensive income, changes in equity and cash flows for the three-month period then ended. Management is responsible for the preparation and fair presentation of this consolidated interim financial information in accordance with International Financial Reporting Standard, IAS 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of consolidated interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

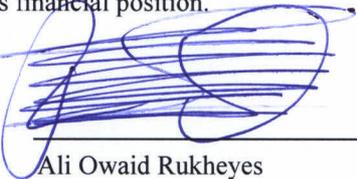

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated interim financial information is not prepared, in all material respects, in accordance with IAS 34 – Interim Financial Reporting.

Report on Other Legal and Regulatory Requirements

Furthermore, based on our review, the consolidated interim financial information is in agreement with the books of account of the Parent Company and to the extent of information made available to us, nothing has come to our attention that causes us to believe that there are contraventions of the Commercial Companies Law of 1960, as amended, or of the Articles of Association of the Parent Company during the three-month period ended 31 March 2012 that might have had a material effect on the business of the Group or on its financial position.

2. BASIS OF PREPARATION

This interim consolidated financial information has been prepared in accordance with International Accounting Standard 34, "Interim Financial Reporting". This interim consolidated financial information does not contain all information and disclosures required for complete set of financial statements prepared in accordance with the International Financial Reporting Standards.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for fair presentation have been included. Operating results for the three-month period are not necessarily indicative of the results that may be expected for the year ending 31 December 2012. For further information, refer to the annual audited financial statements included in the Group's annual report for the year ended 31 December 2011.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies used in the preparation of this interim consolidated financial information are consistent with those used in the most recent annual audited financial statements for the year ended 31 December 2011.

4. JUDGEMENTS AND ESTIMATES

The preparation of interim consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim consolidated financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the most recent annual audited financial statements for the year ended 31 December 2011.

5. RESTATEMENT

During 2011, Group's management discovered that the method of calculating the income based on percentage of completion method from certain properties under development, classified as held for trading, was incorrect. This was based on certain items specified in the contracts for the sale of these properties and laws governing real estate in the jurisdiction where the Group builds and sells these properties. These regulations indicate that the transfer of risks and rewards associated with ownership of properties will not happen until project completion.

Consequently, the Group reassessed the revenues recognised based on percentage of completion method instead of completed contract basis for the years 2008 to 2010 in compliance with IAS 18, in order to make the revenue recognition consistent with the transfer of risk and rewards to the buyer. The comparative figures in these financial statements have been restated as follows:

	31 March 2011 (restated)	31 March 2011 (as reported previously)
	KD	KD
Consolidated condensed statement of financial position		
Properties held for trading	115,341,442	140,911,357

The restatement did not have any impact on the profit or earnings per share reported during the period ended 31 March 2011.
